2. Bounce and Boundary Rules

- If the ball touches the net (including the upper net), it will be **considered as a 'bounce.'**
If the ball touches the upper net and lands directly outside the playing boundary, it will be considered a boundary (four runs).

- Examples:
 - A batter hits the ball, it touches the side net, and then drops inside the boundary - regular play continues.
 - A batter hits the ball, it touches the upper net and directly crosses the boundary line - four runs will be awarded.
- If a ball bounces outside the Pitch, it will be considered as a No ball with a free hit following up.
- If by any chance the ball get outside the turf, the batting team will be rewarded with 2 runs.

3. Team Composition and Injuries

- Each team will have **7 players** on the field & **1 impact player** and 6 wickets per team (**no last-man standing**)
- The Names given by the captains and updated in the Cricheroes app will only be allowed to play.

Injury Rules:

- No outside replacements are allowed during an ongoing match except the extra player.
- If a player is **injured or not available, the team** will play with fewer players for that match.

4. No. of Overs and Field Restrictions

- The match will be played **for 6 overs throughout the Tournament**
- **1st Over will be Mandatory Powerplay** where only 1 player is allowed at the boundary behind the midline.
- **2 Players** will be allowed at the boundary behind midline after Powerplay.
- Each Bowler is allowed to bowl only **1 over per inning**.
- Only fresh arm bowling (max 2 overs of throw is allowed except the last over) speed limits will be determined by umpires.
- The speed Limit is 90 kmph. Above the limit will be recorded as a No ball.
- Half run-up is allowed (there will be a marking).
- To maintain the Match Timings,

Each innings will be of 15 mins. The start of innings will be monitored by the umpire and in case **the innings goes beyond 15 mins, the umpire can ask the bowling team to allow only one player at the boundary line as a penalty for the number of overs remaining above 15 mins**, considering the **reasons of delay were not genuine**. The captains are required to maintain the Overrate throughout the innings.

5. Impact Player Rules

- Nomination: At the toss, each captain must name their starting 7 players plus 1 designated Impact Substitute.
- Total Wickets Remain 6: Bringing in an Impact Player does not give the team a 7th wicket. The team is still all-out at the fall of 6 wickets, regardless of whether the Impact Player has batted or not.
- Replacing a Dismissed Batter: A team can bring in the Impact Player for a batter who just got out. The Impact Player walks in to bat, but the wicket counter remains intact (e.g., if the score was 40/3, the Impact Player walks in, and the score remains 40/3. The team still only has 3 wickets left).
- Replacing a Non-Striker/Not-Out Batter: If an active, not-out batter is subbed out for the Impact Player, the subbed-out batter is effectively "retired" and cannot return.
- Activation: The Impact Player can be brought into the game at three specific moments to keep the game moving fast:
 - At the end of any over.
 - At the fall of a wicket.
 - At the innings break (half-time).
